**Policies**

See EDUCATION for licensure requirements. Admission to Teacher Education as early as possible is recommended.

All mathematics prerequisites for mathematics courses must be completed with a grade of 'C' or above to satisfy the prerequisite requirement.

Courses in mathematics may not be audited. Courses may only be taken Pass/Fail with the consent of both the instructor and the Mathematics Department Chair.

In order for any mathematics course to count towards any of the mathematics majors, the course must have been completed with five years preceding the date of major declaration. Courses taken prior to that point will be evaluated on an individual basis by the department.

Any mathematics course requirement for any major offered in the department, with the exceptions of MATH 485, MATH 459 and MATH 451, may be satisfied through the proficiency process established by the department. The minimum residency requirement may not be waived.

A student must have a cumulative grade point average of 2.5 or above in courses required for the major.

A student pursuing any major within the Mathematics Department must take at least three mathematics courses at or above the 300 level at Edgewood College.

Students intending to major in mathematics or mathematics teaching should take MATH 301 concurrently or as soon as
