**Policies**

This concentration earns 64 credits if all courses for the concentration are taken at Edgewood College. PSY 285, 385 and 485 (Topics in Psychology) may fulfill a requirement for one of the areas above if the topic falls within the subject matter for that area. This will be determined and announced by the Psychology Department.

For admission to the Psychology major, students must have at least a C in each of the following three courses and a 2.5 average in all three: PSY 101, BIO 151 (or equivalents); and one of the Foundations of Psychology courses (PSY 230, 300, 349, 388, 430 or specified topics courses). A student must declare the psychology major after completion of the above three courses. For graduation, students must have a 2.5 average in all psychology major requirements and at least a grade of “C” in PSY 498, the capstone course. A course in which a student receives a grade below a “CD” will not be counted toward the major or minor. If a student repeats a course, the better grade will be counted toward the GPA for purposes of admission to the major, graduation and inclusion in the minor. Transfer course grades will be counted toward the GPA for purposes of admission to the major.

A minimum of three courses toward the major and two courses toward the minor must be taken at Edgewood College.

For the psychology minor and each psychology concentration, the courses required are listed in the catalog. There is no minimum number of credits. Students need to complete the required courses for the major or concentration. For the psychology major, five courses in psychology are required, which must include General Psychology or the equivalent transfer course.
