*\*course has prerequisites*

**Policies:**

Students that choose the sonography concentration can elect to be trained in general sonography or echocardiography during their UWHC internship. Students must elect general sonography or echocardiography when they receive their letter of acceptance from UWHC.

All of the prerequisite math and science courses listed above must be completed within the last five years before students begin the clinical internship at the University of Wisconsin Hospitals and Clinics (UWHC).

Students are required to have an overall GPA of 3.0 on a 4 point scale for all pre-clinical coursework for the two Sonography concentrations. In addition, a minimum of "C" grades must be earned in each prerequisite course which includes all courses listed above except for courses list as "COR" or "Gen. Ed." Transfer students must take a minimum of 8 biology credits at Edgewood College for a Medical Science major.

After showing satisfactory progress in both years of the internship program, students will be permitted to participate in the May commencement ceremony as an August graduate. Upon completion of the clinical coursework in the August of the second year of the internship, the students will be granted a B.S. degree in Medical Science with one of the three concentrations listed below from Edgewood College. The student will then be eligible to take the examination for national certification.
